

black

matrix_18

A heatmap visualization of a matrix labeled 'matrix_18'. The matrix is square and filled with a color gradient from blue to red. A dendrogram is visible on the left side, showing hierarchical clustering of the rows. The color scale on the right ranges from -4 (blue) to 4 (red), with 0 being white. The matrix shows a complex pattern of positive and negative values, with a prominent red diagonal line indicating high self-similarity. The label 'black' is positioned at the top center of the image.
